DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The limitations that are primarily responsible for distinguishing the claims of this application over the prior art are the limitations concerning the coil receiving portion and the electronics support portion being comprised of magnetic ferrite as recited in independent claim 1.

Proper motivation for combining prior art references to form the recited devices was not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
